

Tender Text WATCHPAX 30

The WATCHPAX 30 combines compact dimensions with impressive performance.

Measuring just 215 x 176 x 32 mm, the device is compact enough to fit into a small bag or be mounted directly on a display, keeping signal cable lengths short.

Each WATCHPAX 30 can operate up to four displays. Any number of WATCHPAX 30 devices can be used in larger installations.

Areas of application include museums, flagship stores, trade fair stands, theme parks, exhibits, and many more, but it can also be used as a player for high-quality digital signage installations.

Functions and Features:

- Pre-installed and optimized WATCHOUT system including WATCHOUT 7 license
- Configuration-free plug-and-play system
- Factory reset function
- Low power consumption
- Interactive control via MIDI, Artnet, TCP/IP, OSC, and PSN live tracking systems
- Support for camera-based geometry measurement (MPCDI) (soft-edge projection, 360° projections, projections onto spherical surfaces and domes)
- Support for NDI® video streams (inputs and outputs)
- Control of external hardware via DMX (via Artnet), TCP/IP or UDP, and HTTP REST
- External operation of the multi-display system via network-compatible control systems

Technical Data:

- Dimensions: 215 x 176 x 32 mm (WxDxH)
- Robust aluminum housing with quiet fan, weight 1,550 g
- 1TB SSD (reads appr. 6GB/s)
- 16GB RAM
- Operating system write-protected. WATCHPAX 30 is only suitable for use with WATCHOUT!
- 4x HDMI 2.0 outputs, external EDID adapters included (resolution up to 4K@60Hz)
Playback of 1x 4K@60Hz or up to 4x 1080p@60Hz
- Audio out: line level, 3,5mm stereo
- Integrated Dante® support
- 2x USB 2.0 and 2x USB 3.2 ports for connecting optional accessories (capture cards, audio interfaces, etc.)
- 2x1 Gigabit Ethernet port (RJ45)
- 2-year warranty

All information and technical data are provisional and subject to change at any time!
